PHOTO PRINTING SOLUTIONS
SIMPLIFIED MEDIA EXCHANGE

Easy and quickly to replace the media for CP-1ME, don't need flanges, only take your wasted media and change it for a new, in a few seconds you'll replace it and your printer will work.

DUST PROOF DESIGN

The new CP-M1E has a new design that difficulties the entry of the dust by the cooling fan of the power unit, reducing the misprinting and reprinting.

HIGH IMAGE QUALITY & PRINTS

Thanks to a new control method and optimizing the thermal head, the prints are more clear, reducing the blurred dots and lines during high speed printing.

VALUE ADDED PRINT

Add special effects to print by partial matte finish like a putt figures or a watermark. Create a different prints with this, add more value to your business.

SPECIFICATIONS
