NEW

## SEE AND BE SEEN

A convenient add-on to the NE01R - as a signal light on the arm or a versatile rear light

- 01 – **Compact, lightweight and versatile signal light with reflective wristband** to increase safety in the dark
- 02 – **One white LED and two extra bright red LEDs** offering two modes (power, blink)
- 03 – **Intuitive operation with two separate switches** for white light and red light
- 04 – **Elastic strap with stopper and metal clip** for quick and flexible attachment, e.g. on upper arm, clothing or backpack

Item No.: **502730**

### GERMAN ENGINEERING & DESIGN

“German Engineering & Design” – this statement stands for the highest development and production standards in regard to technology, design, materials and workmanship. We hold more than 100 industrial property rights. These include patents, utility models and designs. We are proud of having received various design awards for our products.

The information pertaining to package contents, appearance, performance, dimensions and weight corresponds to the information available at the time of publication. In the interest of product development, we reserve the right to change package contents, appearance, design and color without prior notice. Product images may vary from the actual products and may show optional accessories which can be purchased separately. Errors and misprints excepted.

1) Average values with white light; in some cases, deviations by  $\pm 15\%$  may occur due to technical reasons.

2) Calculated capacity value in watt-hours (Wh) or milliampere hours (mAh). This applies to the delivery state of the battery/ies inside the respective item, or for lights with rechargeable battery/ies, to the rechargeable battery/ies inside the product when fully charged.

3) Charging time may vary by power supply

\*) 7 year warranty with registration only, otherwise 2 years. For more information visit [ledlenser.com/warranty](http://ledlenser.com/warranty)

## THE POWERHOUSE AMONG TRAIL RUNNING HEADLAMPS

NEO9R is the absolute powerhouse among trail running headlamps. Whether cross-country, uphill or downhill – thanks to its extreme power and endurance, NEO9R is a true legend out on the trails. The superior light image ensures precise illumination of near and far in all situations. The particularly powerful replaceable battery with integrated rear light sits at the back of the head for optimum weight distribution and can be charged easily and quickly via magnetic contact.

Professionals like French trail runner and three-time UTMB® winner Xavier Thevenard rely on the NEO9R in training and competition.
